

-QUALITY POLICY-

We are committed to:

- Providing distinguished and differentiated high quality ceramic products and services
- Meeting and exceeding customer requirements including legal and statutory regulations
- Observing and adhering to a high level of social responsibility in all our actions
- Defining, reviewing and revising quality objectives for continual improvement
- Consistently and diligently innovating for positive consumer-centric results
- Continually improving our resources including manpower, raw materials, machines, systems and processes

This is communicated and understood within the organisation.
